

**WELCOME HIKE &
FALL KICK OFF**

**Sept 15 & 21
2024**

SCOUT ME IN

JOIN THE AMERICAN CUB SCOUTS!

Do you want your kids to have other English-speaking friends while enjoying fun in nature, taking part in various challenges and improving their social skills? Are they between 5 and 11? Are you a parent who loves to be involved in your children's lives?

Then consider joining the US Cub Scouts!

We are in particular looking for new lions that are starting their scouting journey and will start Kindergarten/GS in the fall of 2024. We meet up about once a month in the Parisian region, taking part in fun activities such as racing your handmade wooden car, building a boat from recycled items, camp outs and so much more. The kids learn about healthy food, first aid and discover animals and plants on forest hikes and earn loops and badges. They learn how to be confident, respectful human beings and all of this in an English-speaking environment.

Please fill out the Google form to get more information on how you and your child can join in on the fun!
